

Santa Cruz County CTEP Mission

“The Career Technical Education Partnership (CTEP) provides students with opportunities to acquire academic, career, and technical skills to prepare for life-long learning and success in the changing workplace”

Expected Student Learner Results (ESLR's)

ESLR #1: Students will explore, assess, and prepare for postsecondary education and careers within California's Industry Sectors and career pathways.

ESLR #2: Students will develop strong work ethics, leadership and employability skills necessary for success as a productive member of the community.

ESLR #3: Academic skills are reinforced through applied learning experiences offered in Career Technical Education (CTE) courses.

ESLR #4: Students will use problem solving, critical thinking and decision making skills for workplace success and lifelong learning.

ESLR #5: Students will develop oral and written communication skills. These skills are reinforced through applied learning experiences that are necessary for success in post secondary education and the workplace.

ESLR #6: Students will develop technical and career skills used to support life-long learning and success in the workplace.
